

WE WANT TO HEAR FROM YOU

Each quarter, The Fund distributes the Risk Advisor to member districts and authorities related to best practices, risk reduction, knowledge building, emerging issues, and available services. At times, these articles are seasonal and may address policy changes, noticeable trends in claims experience, or procedures related to Fund interaction.

Now, we want to hear from you! Is there something you want the Fund to include in a future Risk Advisor? What topics would you like to hear more about? Are there articles that you have found to be more helpful or informative than others? Are there services the Fund provides that you would like to know more about or how to schedule them?

We would love your feedback. Please send your suggestions and feedback to Office@TWCARMF.org.
