

LEVEL UP YOUR CLAIMS EXPERTISE THIS SEPTEMBER

The workshop will address current claims issues and provide members with key concepts to help them take a proactive role in claims management and cost containment. As in previous years, the Fund Administrator will conduct this jointly sponsored workshop for Texas Water Association Risk Management Fund and Texas Council Risk Management Fund members. Sedgwick serves as the Fund Administrator for both pools.

Who Should Attend

Fund member employees who handle claims, those who supervise claims-handling staff, general counsel, and risk management personnel involved in claims or accident investigation are encouraged to attend.

Continuing Education Credits (Including Ethics)

The agenda is still being developed and will incorporate feedback from the recent survey sent to Members. If you have questions or would like to request a specific claims topic, please contact Jacey Garza-Raines, Pooling Administration Analyst, at 512-970-8398 or jacey.garzaraines@sedgwick.com. An ethics topic is planned again for 2026, as included in last year's program.
